

# S3D CAMPUS

Maîtriser la 3D Relief du tournage à la diffusion

**Alaric Hamacher is stereographer and Director of Virtual Experience.** Alaric Hamacher has an MA in Film Sciences from Paris VII and a degree in directing and producing from the TV and film school Munich (HFF München).

He was responsible for feature film co-productions at Advanced Media AG in the late 1990's, before setting up his own business Virtual Experience in 1999. This production company, which he jointly manages with his brother Jérôme Hamacher, is specialized on stereoscopic 3D productions. *Cyberheidi 3D*, *2107 - Quest for Sustainability* and *Delusion 3D* are just some of their projects... The youngest production *Level 3D* is distributed in Germany as pre-show movie to *Avatar*. Alaric Hamacher has been teaching stereo 3D at German film schools and international conventions of digital cinema professionals.

He is also vice president of UP-3D the association of European 3D professionals.
